

## Global issues

There are a number of major issues confronting the world for which poorer countries need assistance.

Entering any of the following issues into an Internet search engine will yield rich data for students to use:

- Child labour
- Children's rights
- Environment
- Food
- Health
- HIV/AIDS
- Immunisation
- Landmines
- Poverty
- Refugees
- Water
- Peace

These websites are invaluable for researching information about global issues:
