

Stories of Good Practice

St Francis de Sales College, South Australia (B)

Segment 2: Why an SRC?

Reflect/Collaborate

Ask yourself, 'Why is it important to have a Student Representative Council at our school?' Each time the question 'Why?' is answered, ask 'Why?' again. Continue to ask 'Why?' until you are satisfied you have arrived at the real reason why it is important to have an SRC at your school. If you are undertaking a collegial professional learning activity, share your reason with your colleagues.

You may also like to complete this task with students in your class and possibly extend this to the entire student body with the support of other teachers.

Summarise the reason to create a mission statement for your school's SRC.
